SPECIAL APPROVAL REQUEST APPLICATION

If the pupil listed on the reverse side of this form is unable to achieve the Athletic Performance requirements for the Selection/Classification program and you as the director of physical education/athletics believe there is a justified reason for this pupil to be allowed to compete at the desired level despite the unachieved scores, you may request special approval from the State Education Department for permission for this pupil to compete.

Please note that the State Education Department cannot give such an approval unless the school physician has given this pupil an acceptable Developmental Rating or signed the Special Case form. Please attach a copy of the Developmental Rating form signed by the school physician.

COMMENTS:

SIGNED: _____________________________ DATE ___/___/___
Dear Parent/Guardian:

There is a New York State regulation which permits a few qualified students to participate on an athletic team beyond their grade placement. It is called the Selection/Classification Program.

Your child ________________ (name) may be eligible to participate in ____________(sport) above normal grade level. In order to establish the appropriate eligibility, we must have your permission to begin the Selection/Classification screening process. This screening evaluates your child’s physiological maturity, athletic performance abilities (physical fitness) and athletic skill in relationship to other student athletes at the specific participation level.

If your child can successfully meet the requirements of the Selection/Classification Program, he/she will be allowed to participate in an extended athletic career. Under normal circumstances a student is only eligible for senior high school athletic competition in a sport for four consecutive seasons commencing with the student’s entry into ninth grade. However, by meeting the Selection/Classification requirements established by the New York State Education Department, your child’s eligibility can be extended to permit:

a) Participation during five consecutive seasons in the approved sport after entry into the eighth grade; or

b) Participation during six consecutive seasons in the approved sport after entry into the seventh grade.

It is important for you and your child to understand that once the requirements are met and he/she is accepted as a member of the team, he/she cannot return to a lower level team (modified) in that sport. Please feel free to contact me regarding this program or to discuss any aspect of your child’s athletic placement.

In Section V NOTE: that beginning the fall of 2001, a 7th or 8th grader participating in the selection/classification program, and competing at the JV or Varsity level of competition, will be considered under the very strict, new, Section V Transfer Rule interpretation.

If you agree to allow your child’s participation in this program, please sign and return the parental permission form to my office.

Sincerely,

__________________________

**RATING FOR THIS LEVEL**

**TO THE SCHOOL PHYSICIAN:**

Adolescent development of boys is visibly noticeable in body changes at about the age of 13 and can take as long as four years to complete. The physiological changes are concurrent with sexual development. While it is not true of all boys, most will show stages of this development by hair growth on the face, under the arms and in the pubic area.

**Note:** For the purposes of this screening test, a boy will be given a Developmental Rating based upon the stage of pubic hair growth as observed by you during the health examination.

**SCREENING PROCEDURES:**

1. Reference the stage of pubic hair growth on chart provided in the maturity scale below.
2. Identify the matching developmental rating number and circle it.
3. Return completed form to the director of physical education/athletics.

**THIS SECTION TO BE COMPLETED BY THE SCHOOL PHYSICIAN**

**MATURITY RATING**

Circle the number of the drawing and description below which best matches his pubic hair growth.

Physician Statement:

I give my permission for this boy to participate on the team for this sport at the level as indicated below:

(Check appropriate level)

____ VARSITY ____ JV ____ FROSH ____ MODIFIED

I realize he did not meet the requirements for this sport using the Maturity Scale for the Selection/Classification Program, but in my opinion he can safely compete with older boys. I, therefore, give him SPECIAL APPROVAL to play provided he can achieve the required scores on the athletic performance tests and has skills satisfactory to the coach.

NOTE: Before signing, be sure to read the above physician statement carefully.

**RATING FOR THIS LEVEL**

**TO THE SCHOOL PHYSICIAN:**

Signs of female adolescent development may be noticeable as early as at eleven. The physiological changes are normally concurrent with, or followed by, menarche and usually take four years to complete. The mean age at which menarche occurs in females is approximately 12 years 7 months.

**Note:** For the purposes of this screening test, a girl is assumed to have a Developmental Age of 12 years and 6 months at the onset of menarche regardless of her chronological age.

**SCREENING PROCEDURES:**

1. Reference the Post Menarche Age on chart provided in the Maturity Scale below.
2. Identify the matching developmental rating number and circle it.
3. Return completed form to the Director of Physical Education/Athletics.

**THIS SECTION TO BE COMPLETED BY THE SCHOOL PHYSICIAN**

Suggestion: Have the nurse ask the girl about her menarche if a male physician is doing the rating.

**Maturity Scale**

Mark a point on the first line to indicate the years and months elapsed since the onset of menarche. The point directly below on the second line shows her Developmental Age. The Developmental Age is then used to give her Developmental Rating from 1 – 4 as follows: 1 = no menarche; 2 = 12.6 – 13.6; 3 = 13.6 – 14.6; 4 = 14.6 – Adult.

ATHLETIC PERFORMANCE TESTING

INSTRUCTIONS TO THE TESTER

_______________________ (name) has been approved by the school physician to take the Athletic Performance Test items for the sport indicated below. Please proceed with the testing as described in Attachment I and in the following manner:

1. Refer to the instructions on administering the Six Item Athletic Performance Test. Read Attachment I carefully, gather the materials needed and make sure that the area is prepared for testing.

2. The test can be given in any time frame and in any order, any of the six items may be retested as many times as desired. Please note that the entire six items may not be required in some sports. Test only those items required for the sport that the student will be playing. Only the best scores should be recorded.

3. Encourage the student to do his/her best on each test item. Before commencing with the test inform the student of the minimum requirement for each component in order to qualify. (See Attachment J)

4. Return this score sheet to the director’s office as soon as the test is completed.

COACH'S SPORT SKILL EVALUATION
INSTRUCTIONS TO THE COACH

Coach _______________________
Sport _______________________ Level ______________

_____________________(student's name) is a candidate for the Selection/Classification Program. As the coach of the team, your complete assessment of his/her skill level is an important factor in this process. Please complete and return this form as soon as possible. The student's parents have given them permission and the school physician has cleared him/her to be evaluated by you.

1. If you are familiar with the candidate, please write an evaluation of his/her skill level on the back side of this sheet. Supporting information would be helpful in determining proper placement, so be specific. If you are not familiar with the candidate, I would appreciate it if you would contact his/her former coaches for their assessment and schedule a short "audition" session if practical.

2. What level of play would you recommend for this student _________(level). Is it likely he/she would be in the starting line-up? ____Yes _____No

If not, what percentage of quality playing time would you estimate he/she would receive at that level? ____%

NOTE:

Students elevated to advanced levels of competition by this process should be few and far between. The program is intended only for the unusually gifted athlete who has the physical maturity and athletic skills to be placed beyond other youngsters in his/her chronological age bracket. Abuses in the program by the decision-makers who seek to satisfy the needs of the team rather than considering the well being of the individual cannot be condoned. There are many potential social/emotional pitfalls that must be avoided, and once a student is elevated, the decision is irreversible. Please keep in mind that no practices may be attended until you are notified by the director's office that the student’s parental permission has been granted and the student has successfully completed an athletic health appraisal and development screening by the school physician.

3. Rate this student's skills relative to other members of the team.
